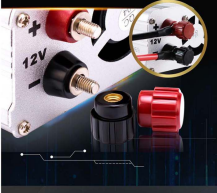
Car home inverter

OUR PURPOSE IS TO GIVE YOU MORE CHOICE ---SOLAR POWER INVERTER

SAA-series

Protect the inverter and your safety

SAA-500A/1000A/1500A



Multiple security protection

Not afraid of damage to the inverter due to wrong use

Overload protection
Automatic protection when the load power is too large

Input high voltage protection
Prevent the inverter from being burnt out when the high voltage is too high

Over temperature protection
Inverter automatically protects at high temperature

Input low voltage protection
Automatic protection when the input low voltage is too low

Short circuit protection
When the inverter finds a short circuit, it will automatically protect immediately

Wide range of use

One machine for multiple use, easy to get

Friendly Tips Do not use equipment larger than the rated power of the inverter. Inverter is suitable for different electrical appliances, but different types of electrical appliances need different power even if they have the same power

Product details and presentation

SWITCH

CONTROL INVERTER WORK

SOCKET

SOCKET OUTPUT PORT

TERMINAL

DETACHABLE TERMINAL, EASY TO CARRY AND REPLACE THE CABLE

FAN

COOLING HELP TO HEAT DESINPATION AND EXTEND THE LIFE OF THE INVERTER

Parameter \ Model	SAA-1500VA
Input voltage	12VDC
Output Waveform	Modified Sine Wave
Max. Output Power	1500W
Output Voltage	220VAC±5%
Output Frequency	50HZ
No-load Current	<0.3A
Product Size	19.5*9.5*5.5cm
Product Weight	0.6kg
